Windows 10 USB Set-Up

**NOTE: Your computer MUST be on the Internet to complete this action! **

From the Start, click on Settings:
Click on Network and Internet:

In Network & Internet, click Change adapter options:
The connection you’re looking for is Ethernet USB Ethernet/RNDIS Gadget.

Right click, and click Properties:
In the Properties screen, highlight Internet Protocol Version 4 (TCP/IPv4), and click Properties.

Select Use the following IP address, and enter the fields as below, then click OK:
Open your Web browser (Internet Explorer shown) and enter 199.199.199.2 in the address bar. The WebMaster Authentication screen appears as shown below:
